

Cheriton Bishop and Teign Valley Practice
The Surgery
Cheriton Bishop
EX6 6JA
Telephone 01647 24272

Thank you for completing the registration documents needed as part of joining the Cheriton Bishop and Teign Valley Practice.

We are aware that people who smoke fall into 3 categories in regards their smoking, those who are happy to continue, those contemplating quitting and those who want to stop.

If you are a smoker and in the latter groups we would like you to be aware of potential services we offer at the practice. It has been demonstrated that the greatest success in quitting smoking is through regular support and with some form of nicotine replacement. We have a team of nurses and health care assistants trained to provide counselling and support and can provide appropriate prescriptions suited to your preferred option of nicotine replacement.

Please feel free to book an appointment with your GP or nurses to discuss whether you are just contemplating or keen to quit smoking.

Yours sincerely,

The Practice Team
