difference

**Patient Participation Group (PPG)**

## WHO ARE WE?

- A group of fellow patients from within the practice area, working hand in hand with the surgery.
- We meet bi-monthly to discuss any concerns that have arisen from either the patient or from the surgery.

## HOW DO PATIENTS BENEFIT?

- Have a better understanding and knowledge of how our surgery works.
- Improved communications between patients, GP Partners & Practice staff
- Ensure patients view will be represented.

## WHAT WE CAN NOT HELP WITH

- We are not a forum for individual medical concerns.
- All medical concerns are dealt with directly through the Practice Manager or a GP.

## OUR AIM

- To be a voice for the Patients & help them understand decisions made by the Practice
- To set up and host health information events for Patients of the Practice
- To 'signpost' Patients to self-help Groups & organisations to help relieve the Demand on the GPs
- Maintain & improve Patient satisfaction & experience
- Be a link between the Patient, GP Partners and Practice staff
- Support the Practice in continuing to improve the service to Patients & discuss Practice performance data
