

**Meet Dr Button**, joining the team here at Cheriton Bishop & Teign Valley Practice

Dr Button lives in East Devon and is married with three almost grown-up children and one crazy dog. Her family are from Devon, and she moved back here 20 years ago and has worked as a GP since then.

She loves her job and also enjoys running/walking/cycling/gardening and anything else that involves her being outdoors! She has carried out various NHS roles alongside seeing patients and currently works for the Medical School, Local Medical Committee and Southwest GP Appraisal team when she not at the practice.

We are delighted to welcome her to the practice family.
